

The rates in this schedule apply to all states SUBJECT TO STATE APPROVAL. If you have questions about adjusting a rate, or need a coverage not shown, please contact your Triad Guaranty underwriting office or visit our website at www.triadguaranty.com for more information.

Max 90% LTV in AZ, CA, FL & NV. For LTV restrictions in other declining markets please refer to Triad Guaranty's Quick Reference Underwriting Guideline Summary.

Single Solution Premiums 620 & greater credit score

Single Solution (Refundable and Limited Refund)

provides coverage until the loan amortizes to 78% of the original value. All single premiums are calculated based on the original loan balance.

In the event of cancellation:

The Refundable plan provides for a refund as defined by the cancellation refund schedule

The Limited Refund plan provides for a refund during the first 2 years if the mortgage is cancelled for any reason, other than under the Homeowners Protection Act of 1998 (HPA). After 2 years no refund is provided unless the mortgage is cancelled under the HPA.

If a single premium is cancelled under the HPA, contact Customer Service at 888-691-8074 for the refund amount. If the mortgage insurance is cancelled for any other reason, contact Customer Service for the appropriate refund schedule.

Single premiums may be included in the insured's loan balance as long as the LTV does not exceed the maximum LTV allowable. See definition of LTV on Terminology Page.

Terminology

All Premium Rates are expressed as percentages

Mortgage Terms

Mortgages that amortize over more than 25 years, but not more than 40 years, use the 30-year rates. Mortgages that amortize over 25 years or less use the 25-year rates.

Loan-to-Value, or LTV

Loan-to-Value, or LTV, is the ratio of the loan amount to the lesser of the sales price or the appraised value, expressed as a percentage.

New York Properties Loan-to-Value, or LTV

New York Properties Loan-to-Value, or LTV to issue MI is based on the ratio of the loan amount to the appraised value expressed as a percentage. If the ratio is 80% or higher, MI can be issued and the standard LTV calculation above can be used for the premium.

Fixed Rate Mortgages

Fixed Rate Mortgages feature level interest rates and payments for the first 5 years of the mortgage. All plans must meet the following conditions: (1) the loan period cannot exceed 40 years and (2) offer no temporary buydowns, rate concessions, graduated payment features or have the potential for negative amortization during the first 5 years. Potential or scheduled negative amortization is not permitted for New York properties.

Temporary Buydowns and ARMs with annual caps of 1% or less

Temporary Buydowns and ARMs with annual caps of 1% or less feature payment changes, or the potential for payment changes, during the first 5 years of the mortgage. Included are fixed rate loans with 1% annual temporary buydowns; one-year or six-month ARMs with 1% or less annual effective interest rate caps; 3/3, 3/1 and 2/1 ARMs with the initial interest rate adjustments of 3% or less.

ARMs with annual caps greater than 1% (Non-Fixed)

ARMs with Annual Caps Greater than 1% (Non-Fixed) feature payment changes or the potential for payment changes during the first 5 years of the mortgage. Included are adjustable rate mortgages, balloons with a term of less than 5 years, rate concessions, buydowns and potential negative amortization

during the first 5 years. Potential and scheduled negative amortization is not permitted for New York properties.

Second Homes

Second Homes are properties that are occupied by the borrower, but not as a primary residence.

Investor Loans

Investor Loans are properties that are used for rental purposes or are not occupied by the borrower.

Rate/Term Refinances

Rate/Term Refinances are refinanced loans featuring cash back to the borrower in an amount not to exceed the greater of that permitted by applicable Fannie Mae, Freddie Mac, or investor guidelines. With respect to investor guidelines, cash back to the borrower cannot exceed the lesser of 2% of the balance of the new refinanced mortgage or \$2,000.

Cash-Out Refinances

Cash-Out Refinances are refinanced loans featuring cash back to the borrower in excess of that permitted for Rate/Term Refinanced Loans as defined herein.

Alt A Loans

Alt A Loans, also called reduced documentation or limited/no doc loans, are loans where the borrower provides little or no income and/or asset documentation. These programs should be approved by Triad in advance of insuring individual loans. These loans typically do not meet the GSE definition of full or alternative documentation.

Credit Score

A Credit Score (also called FICO®) must be from either Equifax, TransUnion® or ExperianSM. It should be either the middle of three scores or the lower of two scores. The credit score must be based on at least three tradelines and be an accurate and complete reflection of the primary borrower's (main income provider) credit history. Credit scores are required with all submissions.

3/2 Programs

For 3/2 Programs, the borrower must provide a minimum of 3% of his/her own funds.

Negative Amortization

Negative Amortization occurs when the monthly payment is insufficient to fund complete repayment of the loan at its end of term, so that the balance owed may increase, rather than decrease over the life of the loan. This category includes any loan that features negative amortization or the potential for negative amortization.

Scheduled Negative Amortization

Scheduled Negative Amortization mortgages are mortgages that will incur negative amortization according to a rigid payment and amortization schedule that does not vary with the interest rate; or, any potential negative amortization mortgage where the negative amortization can be greater than 25% of the initial mortgage balance.

Mortgage programs allowing loans with potential or scheduled negative amortization are not insurable with Triad Guaranty.

Relocation Mortgages

A Relocation Mortgage is one made to an employee who is moving because of a transfer to a new job location under a corporate relocation program. It is not a mortgage made to a new employee as an inducement to join the company. Fannie Mae and Freddie Mac guidelines set forth the elements that identify an employee's loan as a relocation mortgage.

Cancellation of Refundable Premiums

If mortgage insurance is cancelled pursuant to the Homeowners Protection Act of 1998 (HPA), contact Customer Service at 888-691-8074 for the refund amount. If mortgage insurance is cancelled for any other reason, contact Customer Service for the appropriate refund schedule.
